Career Objective

An Aspiring Computer Science professional with a solid academic background and a passion for technology. Seeking an opportunity to contribute, learn, and grow in a dynamic organization by building impactful and innovative solutions.

Education

Bachelor of Science in Computer Science | Andhra University (Affiliated College: Aditya Degree College – Aditya Educational Institutions)

Major: Computer Science | Minor: Mathematics | Year: 3rd Year | Grade: 88%

- **Relevant Coursework:** Developed a strong foundation in computational logic, algorithms, and data structures crucial for analytical problem-solving.
- **Participated in a PPT Presentation** at Aditya Degree College (December 2024), honing communication and presentation skills.
- **Participated in a Code Competition** at Aditya Degree College (December 2024), demonstrating problem-solving abilities under pressure.

Intermediate (MPC)

Narayana Junior College – Board of Intermediate Education, Andhra Pradesh (BIEAP)
Percentage: 92%

10th (SSC)

Olivet High School – Board of Secondary School Certificate (SSC)
Percentage: 100%

Skills

- **Data Analysis & Literacy:** Power BI , Python (Pandas , NumPy , Matplotlib).
 - **Problem-Solving & Analytical:** Strong aptitude for identifying, analyzing, and resolving complex technical and logical challenges.
 - **Programming Languages:** C , Python , HTML , CSS , JavaScript , MERN Stack (MongoDB , Express.js , React.js , Node.js)
 - **Frameworks & Libraries:** React.js, Express.js, TensorFlow, PyTorch, Scikit-learn, Pandas.
 - **Tools & Platforms:** MongoDB Compass , VS Code , GitHub, Microsoft Office (Word, PowerPoint, Excel)
 - **Soft Skills:** Collaboration, Effective Communication (Written & Verbal), Attention to Detail, Research Abilities, Adaptability, Resilience, Growth Mindset, Results-Oriented, Time Management.
-

Projects

Personal Portfolio Website

- Designed and developed a personal portfolio using HTML, CSS.
- Project is currently utilized by over 4 recruiters, showcasing a results-oriented approach and attention to detail in presentation.

Health Condition Prediction Chatbot (Python, ML, Streamlit):

- Built a chatbot using Naive Bayes to predict diseases from user symptoms via voice/text input.
- Enhanced accessibility by integrating voice interaction (speech recognition) and logging user data in a CSV file for real-time health tracking.

AI Image Recognition and Chat Project

- Developed a full-stack AI application combining TensorFlow.js for real-time camera object detection with a GPT-4o-mini server endpoint for detailed image descriptions and conversation.
 - Implemented client-side features including persistent chat history, voice interaction, image attachment, and data export (TXT, CSV, PDF, XLSX).
-

Internships / Work Experience

Intern – MERN Stack Web Developer | Adhoc Network | Duration: 45 days

- Developed various web pages with integrated frontend and backend, enhancing practical application of technical skills.
 - Completed over 190 mini-projects based on MERN stack and 41 tasks based on HTML and CSS, demonstrating tenacity, attention to detail, and ability to work under pressure.
-

Certifications & Workshops

- Advance Data Analysis using Excel and Power BI – Lets Upgrade (June 6, 2025) (Highlights data literacy and analytical skills)
 - Data Science with Python – Lets Upgrade (June 8, 2025) (Reinforces data literacy and problem-solving)
 - Python Essentials 1 & 2 – Cisco Networking Academy (June 10, 2025 & July 5, 2025)
 - Power BI Workshop – OfficeMaster (June 15, 2025)
 - Essentials of Gen AI – DigiSaksham Program (2024–2025)
 - English Proficiency Training – Pearson MePro (September 2, 2023) (Confirms effective communication skills)
 - AI Tools Workshop – Be10x (March 16, 2025)
 - Gemini AI Clone using HTML, CSS, and JavaScript – Lets Upgrade (June 8, 2025)
 - C Language Certification – Millennium Software Solutions (April 6, 2024)
 - Certificate of Merit in Naukri Campus Young Turks – 2025
-

Awards & Achievements

- Awarded First Prize in JAM Competition – Aditya Degree College (Demonstrates verbal communication, quick thinking, and problem-solving)
 - Mentored juniors in preparing for Group Discussions (GDs), focusing on communication skills, critical thinking, and confidence-building.
 - Outside of my studies, I am a dedicated team player, demonstrated by achieving **2nd prize** in the school's annual Throw Ball competition. This experience has reinforced my abilities in communication and collaboration.
-

Languages

Hindi, English, Telugu, Odia

Hobbies & Interests

Music, Reading tech blogs/books, Public speaking, Designing, Exploring new technologies, Building personal projects.

Keen interest in Leadership development, Artificial Intelligence, Full-Stack Web Development, Data Analysis & Visualization, and the evolving landscape of the Banking sector.
